

## KA2 Vortex DVS Junior Rok

The battle for the KA2 Vortex DVS Junior Rok title went down to the wire with Broc Feeney qualifying on pole and winning the first three heat races. Championship rival Lachlan Hughes was left ruing after an opening lap DNF in the final heat on Sunday morning before going on to win the final ahead of Christian Pancione and Feeney. In the end it was Feeney who claimed the championship win nine points ahead of Hughes. Feeney will now prepare for the 2017 Rok Cup International Final in Italy in October.
